

Students Placement Cell

AYJNIHH announces the setting up of a **Placement Cell** for providing job opportunities to students/alumni of the Institute. The placement cell aims at creating an interface between the world of employment and the academia, thereby serving to be mutually beneficial to the students/alumni of the institute.

Objectives of the Cell are - to create and maintain a database of profile of students, to create and maintain a database of profile of prospective employers and to facilitate campus interview for placements.

All are welcome to avail the services. For further communication Contact -
